

SELLSCHOPP

DRIVING RANGE - GOLF - SPORT - AUSSTATTER

Twister 1

Der perfekte Ballwascher für leicht verschmutzte Bälle.
Waschleistung bis zu 15.000 Bälle pro Stunde.

- Easy to use for washer and is ideal for the smaller range and golf club market.
- Spiral operation allows the balls to be washed individually through 360 degree rotation.
- Small stones and debris fall through the spiral reducing the chance of damage to the washer and ball dispenser.
- Heavy duty nylon brush.
- 15,000 balls per hour.

Ballwascher SE 24000

Der geeignete Ballwascher für große Anlagen.
Die verschmutzten Bälle durchlaufen ein System von Wasserstrahlen und werden daraufhin gebürstet und gespült bis sie strahlend sauber sind.
24.000 Bälle pro Stunde.

Ball Washer SE 24000

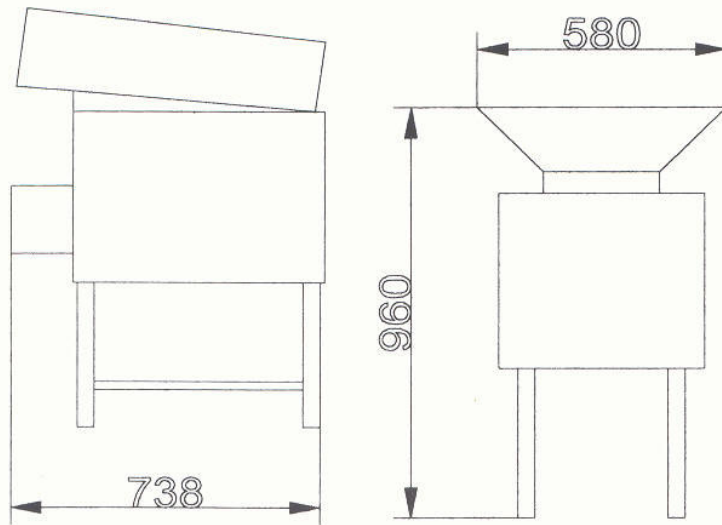

- The ball washer for the large golf ranges.
- Disc brush action gives thorough cleaning to dirtiest of golf balls.
- Direct water injection pre-soak and dual injection valves; give the balls complete coverage of water whilst being economical to run.
- Sediment tray allows debris to be removed easily to help reduce drain blockage.
- Large loading hopper.
- Full stainless steel construction.
- 24,000 balls per hour.

Twister 2

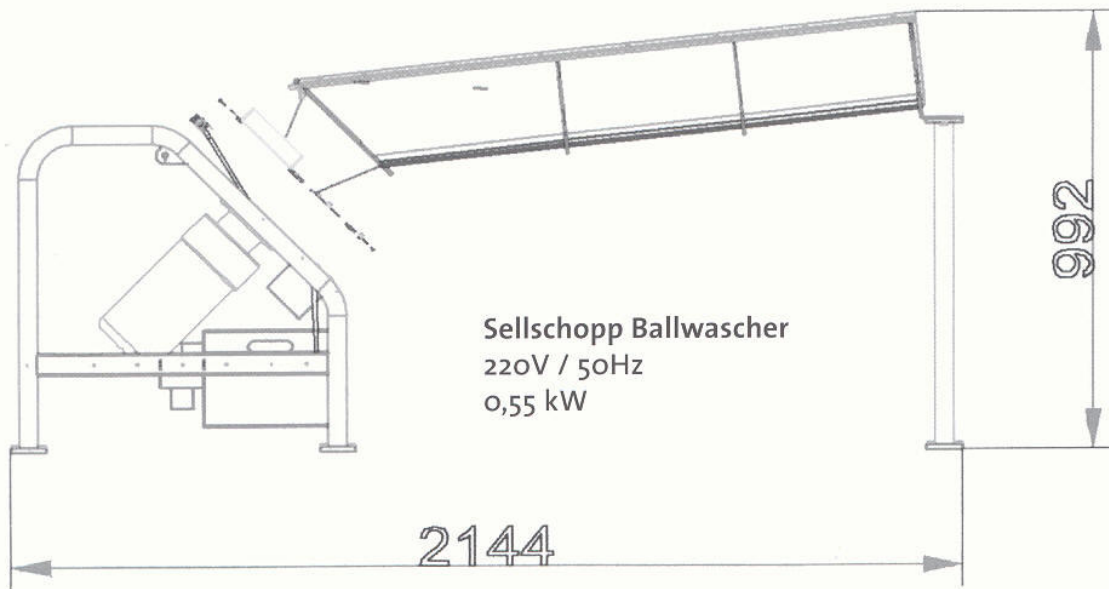

Dieser Ballwascher reinigt die Bälle und drückt sie nach dem Waschen automatisch durch einen Schlauch zum Ballausgabe-Automaten.
Waschleistung bis zu 19.000 Bälle pro Stunde.

- The big brother of the Twister 1 allows balls to be washed and loaded directly to a ball dispenser to height of 3 metres.
- Spiral operation allows the balls to be washed individually through 360 degree rotation.
- Small stones and debris fall through the spiral reducing the chance of damage to the washer and ball dispenser.
- Stainless Steel construction.
- Large diameter heavy duty nylon brush.
- 19,000 balls per hour.
